CURRENT PRICE LIST

FOR GRAZIER, FARMERS & MARKET GROWERS

No. 329R issued on
Aug. 25th, 1930.

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. LTD.

PRICES.—All quotations (by letter or printed list) are subject to being unsold and to prompt reply, otherwise to market fluctuation. These Current Price Lists are issued at short intervals throughout the year, therefore if not ordering at once please write for the current issue when again on the market.

TERMS.—Our terms for all Agricultural Seeds are strictly nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, our terms are nett cash in 30 days from invoice. When remitting, please add exchange to country cheques.

FORWARDING.—Orders sent by goods train are consigned carriage forward (except to unattended platforms) unless we are otherwise instructed at time of order. We deliver seeds on rail or wharf, Sydney, after which goods are on customer's account, and at his risk.

SUBSTITUTING.—On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "Do not substitute."

For the protection alike of the users of our seeds, dealers in our seeds and of ourselves, we seal every container before despatch. Customers cannot be sure that the seeds they buy are Yates' Reliable Seeds and of the same variety and quality as originally packed by us unless the sack, bag or package received is sealed and intact.

SACKS AND BAGS carry a metal seal bearing the name of Yates' incorporated with the sewing twine.

CASES AND BOXES.—Steel strapped and sealed.

ON PAPER BAGS (1 lbs., 1/2 lbs., etc.), our printed label secures the string and/or flap, and in the case of Packets (ounces and less) the sealed flap protects the contents.

SPECIAL NOTE TO CUSTOMERS SERVED BY RAIL (Not Coastal Steamer)—If ordering the minimum quantity of these manures for which we give a special quotation "on rails at manure works," please indicate when writing whether you wish the fertilizer consigned from works separately from seeds or other goods, or whether you wish it consigned by us from Darling Harbour along with any other goods ordered from us at the same time. In the latter case the cost is higher, but for ease of carting or for other reasons it may suit you to pay extra price and have total order delivered in one consignment. If no indication is given we will consign direct from manure works. Bags weigh approximately 1½ cwt. in most cases, but vary according to kind ordered. The actual weight sent is charged for at the price per cwt. quoted. All prices are F.O.R. Sydney except where specially quoted F.O.R. Manure Works. All Freight is Charged Extra

PRICES BY WEIGHT FOR MARKET GARDENERS AND OTHER LARGE USERS

DELIVERY—POSTAGE or CARRIAGE FREE.—Delivery of all Seeds, Plants and Roots sold is made at Post Office, Railway or Wharf, Sydney, but on Bulk Vegetable Seeds (other than Peas or Beans) invoiced at prices quoted herein, we pay all ordinary carriage charges. Customers desiring Bulk Vegetable Seeds to be sent by other than cheapest method should allow sufficient to cover any extra charges entailed. All bags free.

PRICES.—The prices quoted are those ruling at this date, and while we will adhere to them as long as possible they are subject to change without notice. Reduced rates for large quantities, where available, are shown, and the rate for the largest quantity priced in this list will be charged for any greater quantity. $\frac{1}{4}$ -lb. supplied at lb. rates and $\frac{1}{2}$ -oz. at oz. rates subject to the minimum of 1/3 per item (or 1/- where that rate is quoted herein) mentioned below.

The range of quantities listed should be sufficient for the requirements

of all customers other than those ordering in packets. If for some special reason quantities are wanted smaller than the minimum listed here the rate charged will be slightly higher, but the minimum order for bulk seed of any variety must be to the value of 1/3 (or 1/- where that rate is quoted)—otherwise packets will be sent. All vegetable seeds are 6d. per packet, except where otherwise stated.

N.B.—Please carefully write "ozs." or "ounces" and "lbs." or "pounds" to avoid confusion with "doz." and other common abbreviations.

CONDITIONS OF SALE AND NON-WARRANTY as set out on page 1, to which you are referred.

DESCRIPTIONS.—See Yates' Annual, sent free on request. We also publish various free booklets and leaflets on the cultivation of some of the more important kinds.
